REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT

Attached in duplicate is Form PTO-SB-44 with at least one copy being suitable for printing. The changes shown in the Certificate of Correction are clerical in nature and therefore do not constitute new matter or require reexamination. The errors outlined in the Certificate of Correction occurred in good faith.

Specifically, claim 49 should read, in relevant part, "[t]he method of claim 48" instead of the presently incorrect recitation of "[t]he method of claim 46". The typographical nature of this error is plainly evident from the fact that claim 49 is for a **method** whereas claim 46 is for a **device**. Further, dependent claim 49 follows (in terms of organizational arrangement) independent claim 48.

Claim 51 should also be corrected to read, in relevant part, "[t]he method of claim 50," instead of the presently incorrect "[t]he method of claim 46" The typographical nature of this error is plainly evident from the fact that claim 51 is for a **method** whereas claim 46 is for a **device**. Further, dependent claim 51 follows (in terms of organizational arrangement) independent claim 50.

The Applicants respectfully request that the U.S. Patent Office issue a Certificate of Correction. Authorization to charge the fee required by 37 C.F.R. § 1.20(a) to Deposit Account 06-0600 is provided herewith. Authorization to charge the aforementioned deposit account for any additional fees that may be required or, alternatively, to credit that account for any overpayment is also provided herewith. A duplicate copy of PTO-SB-17 is enclosed for this purpose

Respectfully submitted,
Steven F. Reiber et al.
